Murder by Wholesale. Multiple-homicide in a New York.
DALLAS, Texas, June 2.—Rough justice, who is to be hanged at midnight on Friday, was found to be the killing of eleven Americans in Texas.

The Republican Convention.
Fighting All Around a Possible Dark Future. The Logan House. The Blaine Campaign.
NEW YORK, June 2.—The 28th Chicago says stories were brought into the Blaine camp last night that in Massachusetts, Kansas and Indiana Edmunds had put their heads together to see what could be done with Graham as a dark horse. It was said the Arthur men were agreed on Graham as second choice, and if Indiana would give 20 votes, Michigan 20, Massachusetts 20, and New York 14, Graham would be in a position to clear when the break came. Unless Graham forbids the use of his name with Arthur in the field, the vote of Indiana will be sold for Graham.

The Logan house has died away like a candle of a small gas. Occasional reverberations are heard and nothing more.
The Blaine men have increased their efforts. The Blaine delegates from New York have prepared a manifesto in which they claim that Blaine can carry New York beyond a question. There was little outside enthusiasm at Arthur's head quarters last night, but it was apparent that earnest work was being done quickly. Commissioner Evans, who has made a careful study of the situation, will receive 54 votes in the first ballot. Evans admits Blaine will get 30 and perhaps 20.

Attempts were being made last night to make combinations by which all of the delegates who are opposed to the nomination of Arthur or Blaine can unite on one candidate. While the scheme now before a combination can be made for him, they do not have great faith that it will succeed. Some New York and Massachusetts delegates talk of uniting on Graham or Sherman.

Arrest of J. C. Eno in Quebec.
QUEBEC, May 31.—John C. Eno, the missing New York man, was arrested this morning on board the Dominion S.S. *Frederick*. Eno, with a companion who was dressed as a priest, had been on board the ship on Thursday, a most unusual thing for travellers to do, as Quebec is invariably the port of embarkation. Both men appeared to have plenty of money and to understand how to enjoy life, in fact, the luxurious habits of the "recreant" gentleman were called attention to by the pair. They were noticed as the city yesterday, and fell under the notice of some of the local detectives, who obtained a description of Eno from a tally with the appearance of one of the strangers. The clerical gentleman was not found on board the *Frederick*, nor was he on the Allan Line *Scotian*, which was searched by the police and officers who sailed this morning. It is thought he has returned to New York, as a person answering his description was making enquiries as to New York train. Eno is at present in charge of the detectives at the Central Station.

A series of well executed paintings
now adorn the sides of the cabin of the

landscapes and marine scenes, and are the
work of Mr. William Scott, who displayed

and make the cabin of that boat look quite
attractive.

An Editor's Tribute.
Theodore P. Kinsley, editor of the *Western
Intelligencer*, writes:—"For the past five years
have always used Dr. King's New Discovery
for coughs of most severe character, and will
recommend it for those of a milder type. It never fails to
cure a cough, and it is a great relief to the
throat and lungs. I have used it for five years, and
I have found it to be the only reliable
and pure cure for Cough, Croup, Hoarseness,
Bronchitis, and all the ailments of the
throat and lungs."

A young boy was struck with a piece of

Incendiarism.
An unoccupied two-story frame building
on the east side of the Caniford Road, about
midway between the turning of Mill Street
and the railway track, was set on fire at an
early hour this morning and burned to the
ground. The department was called out at
4.25, but the flames were so far advanced
that no portion of it could be saved. The
house was owned by James Hughes and his
loss is about \$300 uninsured.

Wedding Bells.
"Happy is the bride that the sun shines on,"
was an expression frequently used this
morning as the hour of ten o'clock ap-
proached, which hour witnessed the mar-
riage at St. Thomas' Church, by Rev. J.
W. Burke, of Mr. Herbert W. Flury, of
Amherst, to Miss Leila Meyers, eldest
daughter of Mr. Edward W. Meyers. Only
the bride party witnessed the ceremony.

The bride looked lovely as she ap-
proached the altar, carrying in her hand a
large bouquet. She wore a dress of ivory
with white lace, and a crown of white
flowers. The bridegroom wore a suit of
black and white, and a white bow tie. The
ceremony was performed in a simple and
quiet manner. The bride and groom were
then seated at a table covered with a
white cloth, and the wedding breakfast
was served. The party then adjourned to
the residence of Mr. Edward W. Meyers, where
the bride and groom will reside.

Dear Sir,—The *Napoleon* of the 30th
inst., in speaking of the football match
between the Belleville R. & N. and the
Napoleon Club, states: "The umpire could not agree, or the
referee give a decision." We may say, in reply,
that the umpire of the match, and therefore there
was no need of a referee's decision.

This also holds true of the Belleville
match in regard to the violation of the
rules. "We are sure that we would feel gratified

then seated at a table covered with a
white cloth, and the wedding breakfast
was served. The party then adjourned to
the residence of Mr. Edward W. Meyers, where
the bride and groom will reside.

Incendiarism.
An unoccupied two-story frame building
on the east side of the Caniford Road, about
midway between the turning of Mill Street
and the railway track, was set on fire at an
early hour this morning and burned to the
ground. The department was called out at
4.25, but the flames were so far advanced
that no portion of it could be saved. The
house was owned by James Hughes and his
loss is about \$300 uninsured."

Wedding Bells.
"Happy is the bride that the sun shines on,"
was an expression frequently used this
morning as the hour of ten o'clock ap-
proached, which hour witnessed the mar-
riage at St. Thomas' Church, by Rev. J.
W. Burke, of Mr. Herbert W. Flury, of
Amherst, to Miss Leila Meyers, eldest
daughter of Mr. Edward W. Meyers. Only
the bride party witnessed the ceremony.

The bride looked lovely as she ap-
proached the altar, carrying in her hand a
large bouquet. She wore a dress of ivory
with white lace, and a crown of white
flowers. The bridegroom wore a suit of
black and white, and a white bow tie. The
ceremony was performed in a simple and
quiet manner. The bride and groom were
then seated at a table covered with a
white cloth, and the wedding breakfast
was served. The party then adjourned to
the residence of Mr. Edward W. Meyers, where

Incipient Fire.

Last night at about 10 o'clock Mr. D. Cunningham, engineer of No. 1 steamer, discovered that fire had broken out in the boiler room, under the boiler. He succeeded, with a few pails of water, in extinguishing what would have been a big fire, as the fire had made its way through the floor.

Board of Trade.

Mr. J. Parker Thomas, Secretary of the Board of Trade, has received from the State Department the certificate of the formation of the Belleville Board of Trade. The board is now, therefore, incorporated. A meeting will be held at the Chamber on Tuesday night at 8 o'clock, to complete matters connected with the organization.

Sanitation Society.

Mr. W. R. Smith read a paper on the Boiling of Silverware, for the production of silk, showing the facility with which the process could be followed, and also that it was more especially suited for small families, as it has been found that small families do better than large ones. The drawback here appears to be the want of the proper fuel, but the White Malt, or the Althaus, or Tree of Heaven, more popularly called, is reported as being suitable and producing good silk. If further experiments prove its suitability, there ought to be a fine opening for the introduction of a new and highly profitable industry into the country, as the Althaus is easily cultivated.

The Secretary reported that a new case for birds and small birds had been placed in the Museum, and that several gentlemen have already contributed specimens of birds. Mr. F. R. Lingham a fine Bull Eagle, Mr. H. Puffer and Dr. E. H. Coleman a number of the smaller birds, and Mr. J. Walker a Fish-hawk and small birds. It is hoped that other gentlemen will follow their example.

Board of Education.

The Board of Education met last night at eight o'clock. The Inspector's report was read, and he remarked that there should be a separate building for the High School, as the accommodation at present was too limited, and in his opinion, for the benefit of the High School there should not be a Union Board. The letter was referred to the Committee on School Management.

The following was also read:

This image shows a vertical strip of aged, yellowed paper, likely a page from an old book. The paper has a mottled appearance with various shades of yellow and brown, indicating its age. On the right side, there is a dark, textured binding material. Faint, illegible markings are visible on the paper, including some numbers like '11' and '12' and some characters that appear to be '11' and '12'. The overall texture is rough and uneven.
